RULES AND REGULATIONS

1. **PPT LIMIT:** The presentation must not exceed 9 slides, including the Title Slide.
2. **TITLE SLIDE:** Include Team Name, Team Leader Name, Member Names, Email ID(s), Domain/Theme, and College Name.
3. **ORIGINAL CONTENT:** Do not copy-paste content generated by AI or directly use AI-generated submissions. All ideas, explanations, and content must be original and team-created.
4. **PROJECT LINKS:** Add the Working Prototype/Demo Link and GitHub Repository Link in the Our Links slide.
5. **WORKING PROTOTYPE:** The submitted project must have a functional working prototype that can be demonstrated during evaluation.
6. **GITHUB REPOSITORY:** The GitHub repository should contain the project's relevant source code and documentation.
7. **TEAM INFORMATION:** All team members listed in the PPT must match the details provided during registration.
8. **DEADLINE:** Submit the final PPT and required links before the announced submission deadline. Late submissions may not be considered.
9. **ORIGINALITY:** Plagiarism, copied projects, or unauthorized use of another team's work may lead to disqualification.
10. **EVALUATION:** Teams must be prepared to explain their project, demonstrate the prototype, and answer questions from the judges.
